

Time Tested Pumps Meet Solid State Tech!

Zoeller's new **FLOATLESS™** switches overcome common float switch related issues

FLOATLESS SWITCHES

- Tested over 1 million cycles
- Continuous run prevention
- Solid state parts on switch
- Built-in secondary "on" point
- Adjustable level settings, 15' cord
- Approximately 7" differential between "on" and "off" points
- Simple installation. Just fasten switch to pipe and plug your pump into the piggyback plug!
