

eF Series® Commercial Gas Ultra High Efficiency Water Heaters

Bradford White's eF Series® With Enhanced BMS Integration And Powered Anodes.

- **BMS Integration - Via Modbus standard, BACnet® compatible via gateway kit**
 - Quicker monitoring for reduced downtime
- **The ICON HD® Intelligent Control System**
 - Temperature Control, Diagnostics, and System Function from Single Interface
 - LCD Digital Display
 - Eight Service Screens for Simplified Troubleshooting
- **Versatile Venting Options**
 - Power Vent or Power Direct Vent
 - Balanced, or Unbalanced Venting
- **Each eF Series® model is provided with 2 powered anodes for superior tank protection**
- **Single Exhaust Pressure Switch**
- **Ultra Quiet Operation**
- **ENERGY STAR® Qualified Models Available**
- **Perfect for Multiple Applications including Restaurants, Office Buildings, Healthcare Facilities, Hotels, Schools & Universities, Sports Stadiums, Industrial Buildings, and more**

Committed to the Professional.

(A) = ASME Available

For Propane (LP) Gas models change suffix "N" to "X" and remove "E" from the model number.

*= Recoveries are based on the listed Thermal Efficiencies.

Dimensions and specifications subject to change without notice in accordance with our policy of continuous product improvement.

THE BRADFORD WHITE
ICON HD
COMMERCIAL CONTROL SYSTEM

Bradford White ICON HD® Integrated Commercial Control System

The Bradford White ICON HD® System is the most advanced control you'll find on any water heater in its class. The ICON HD® combines temperature control, diagnostics, system functions, and operational status all in a single digital LCD interface. Advantages for the installer and user include quicker and easier diagnostics and service, more user-friendly and accurate temperature control, and the option of full programmability to save energy and money. No competitive model offers such an advanced control system and it comes standard on our entire line of heavy-duty electronic ignition commercial water heaters.

THE eF SERIES® MEANS SAVINGS. **FOR THE PRO**

When compared to a traditional non-condensing water heater, *the eF Series® could save hundreds or even thousands of dollars each year in energy costs.* Check out our eF Series® Calculator on bradfordwhite.com/efcalculator.

Built to be the Best® | 800.523.2931

Products made by Bradford White are manufactured in the United States using the finest raw materials and components from around the world.
